

Carolina Dynasty Basketball Team & Player Expectations

Goals/Expectations

Developing a well-rounded athlete is our goal. We strive to develop each player not only athletically but also academically and socially. We will provide a foundation for building character and help to teach life lessons that will help each player succeed in life. We will provide each participant the opportunity to develop their self confidence, develop their fundamental basketball skills and to become a responsible athlete. Ultimately our goal is to prepare your child for playing and competing at a college level. With your help, we will provide the tools that they need to become the well rounded athlete.

Our coaches value each player and take a personal interest in developing them into the well rounded athlete. The coaches expect the players to give top effort, top commitment to attend practices and games and to respect their coaches, referees, teammates and parents. Our coaches will strive to provide athletes with a disciplined, highly focused, fun-filled and competitive atmosphere. We will teach the value of goal setting and working hard to achieve those goals. Our coaching is a fair coaching style founded in constructive criticism and praise which is a most effective instruction to prepare them for college coaching styles. Parents please respect the development of your child as well as other teammates and the coaches' effort to coach them. All parents, players and coaches much exhibit good sportsmanship toward each other, opposing teams and the referees.

Attitude:

Players and parents must display good sportsmanship at all times

Practice:

If you are unable to attend practice and you have your own cell phone, it is your responsibility to contact your coach or team manager. No excuses policy will be enforced – parents forgetting to call or I told my teammate will not be accepted.

Parents and siblings are welcome to attend practices as long as they are not loud and causing distractions. We have a limited amount of time for practices, causing distractions is not fair to the participants.

Playing time:

There will be no promised playing time. Players will earn time in practice and performance in games.

Just attending practices isn't enough to justify minutes. Players must work hard each practice, be attentive and exhibit a good attitude during practice and games. Coaches will not spend time during tournaments or practices discussing playing time issues. It is our goal to develop all players. Development includes providing them with as much game time as possible. Any concerns that may arise please be sure to contact us in order to set up a confidential meeting.

Conflict of Interest

Carolina Dynasty Basketball does not allow players who play for Carolina Dynasty to play for any other club program that plays against other travel teams or club programs (AAU/ YBOA/ USAAA, etc...) in tournaments, invitationals or showcase events. We feel like that is a conflict of interest and does not serve in the program's best regard to share players with other organizations. We do not consider playing for your school a conflict of interest. Anyone in violation of this policy is subject to dismissal without refund.

By signing this I acknowledge that I have read the Carolina Dynasty Basketball Parent Code of Conduct and agree to abide by its requirements and the By-Laws of the Carolina Dynasty Basketball.
